Applications

Nested digital phase lock loop
US Pat. 5463351 - Filed Sep 29, 1994 - Motorola, Inc.
Transition 601 is used as the first center **bit sample** location for **bit** 0, the
next center **bit sample** occurs at 605. The **rising edge** of the wideband **...**

Method and apparatus for measuring the phase of captured read data
US Pat. 6509762 - Filed Aug 8, 2002 - LSI Logic Corporation
The synchronized, captured logic states, labeled **falling edge** of DQS), **...** 55
gates each **bit** of CAPTURE2[1:0] independently with **rising edge** of **sample** clock
...

Input-output element has self timed interface using a received clock
signal **...**
US Pat. 5513377 - Filed Jun 17, 1994 - International Business Machines Corporation
The **rising edge** data samples are clocked into the RES latches and the **falling
edge** data samples are clocked into the FES latches. The outputs of the RES-FES
...

System for recovering data in a multiprocessor system comprising a **...**
US Pat. 6668335 - Filed Aug 31, 2000 - Hewlett-Packard Company, L.P.
This string of three samples preferably includes a **falling edge sample** and two
rising edge samples (on either side of the **falling edge sample**). **...**

Multi-function timer with shared hardware
US Pat. 6334191 - Filed May 19, 2000 - Visteon Global Technologies, Inc.
The **edge** variable is a two-**bit** field that programs which **edge** on the pin line 60
qualifies as an input event, ie, the **rising edge**, **falling edge**, **...**

Method and system for decoding data in a signal
US Pat. 6239843 - Filed May 5, 1997 - WAVO Corporation
10 25 **sample** and a **sample** that preceded the current **sample** by 24 samples, **...**
Like the **rising edge** and maximum analyses, the **falling edge** and minimum **...**

Timing calibration apparatus and method for a memory device
signaling system
US Pat. 6920540 - Filed Oct 22, 2002 - Rambus Inc.
The four pulses could be sampled by the **rising and falling edge** of CLKB on bus
... The resulting pattern of eight **sample** values will indicate where the **bit ...**

Method and apparatus for locating data transition regions
US Pat. 6690201 - Filed Jan 28, 2002 - Xilinx, Inc.
At step 402, **falling** samples are moved into the **rising sample** domain. **...** if a
transition or "error" (E) is detected on a **rising** or a **falling edge** in **...**

Field programmable radio frequency communications equipment
including a **...**
US Pat. 6343207 - Filed Nov 3, 1998 - Harris Corporation
12, with abbreviated multi **bit** 5 commands from the control registers applied to
Selects **rising** or **falling edge sample** Selects the number of least
